

How to change password

→ Go to your account settings (top menu item “Settings”)

→ Go to the “Password” tab in your account settings

- Enter your current password
- Enter and confirm new password
- Press button „Change password“

The screenshot shows the 'Settings' page of the Live GPS Tracking application. The top navigation bar includes 'Home', 'GPS Monitoring', 'Travel Online', 'Tracks storage', 'Tools', 'Soft', 'Settings' (highlighted in red), 'Contacts', 'En', and 'Sign Out'. Below the navigation bar, a sub-header reads 'Settings for account, trackers, personal details, balance refilling, change of password and other data.' The main content area displays a breadcrumb trail: 'Account settings / GPS monitoring / Travel ONLINE / Friends / Affiliate program'. Below this, a secondary breadcrumb trail shows '> Profile settings | Company profile | Notification channels | Password' (with 'Password' highlighted in green). A red box highlights the 'Change password' form, which contains three input fields labeled 'Previous password:', 'New password:', and 'Confirmation:', followed by a 'Change password' button. A red arrow points from the 'Settings' menu item to the 'Password' tab in the breadcrumb trail.

If new password is correct, you will see information message, that password have been changed successful.

This screenshot shows the same 'Change password' form as the previous one, but with a green success message box at the top that reads 'The password has been changed. Please log in again.' A red arrow points from the 'Settings' menu item in the top navigation bar to the success message box. The 'Change password' form is still visible below the message.

Press „**Home**“ on the top menu and sign up again with your login and new password
