

How to sign up

Go to the main page of the service <https://livegpstracks.com>

On the main page there is a block with the button “Sign up”

The screenshot shows the homepage of the Live GPS Tracking service. At the top is a navigation bar with links: Home, GPS Monitoring, Travel Online, Tracks storage, Tools, Soft, Settings, Contacts, En, and Sign In. Below the navigation bar is a welcome message and the service logo. The main content area features a section titled "Control location of kids, seniors and pets" with descriptive text and an illustration of a family. A red arrow points from this section to the "Sign up and Sign in" block at the bottom. This block contains two options: a "Sign up" button for new users and a "Sign in" button for registered users, with corresponding input fields for login and password. A "Forgot your password?" link is also present.

Control location of kids, seniors and pets

Seniors and young children should be carefully controlled.

Our monitoring service **Live GPS Tracking**, can help you know exact location of your kids. You can always control whether they are at school or left it, why they are late from gym or walking outside the permitted territory.

Additionally, you can also use our system to monitor location of your elder relatives, especially those who is suffering from memory disorders.

As practice shows, seniors feel more confident going for a walk with GPS tracker in a pocket. As the result, they better spend their time in the open air and you always know where they are and can help them if necessary.

Every GPS tracker is equipped with a big SOS button, which should be pressed when the user needs help. Your phone immediately notifies you about SOS signal and shows location on the map.

Especially for family monitoring **the user can monitor up to 4 devices** on our service **absolutely for free!**
