

Personal Area

→ [Sign in](#) to the livegpstracks.com

→ In the top menu of the site, the item “**Settings**”

→ You will be taken to your personal area.

The area is divided into 5 main sections:

- Account settings
- Settings of the GPS monitoring section
- Settings of the “Travel ONLINE” section
- Managing friends
- Affiliate program

In the account settings you can:

- Edit your country and currency
- Fill in the Company profile (for automatic invoices for monitoring platform)
- Change password
- Manage two-factor authentication
- Set notification channels

In the GPS monitoring settings it is possible to:

- Manage connected trackers (add, delete, edit, create a link, etc.)
- Connect additional services
- Top up balance

In the Travel ONLINE settings it is possible to:

- Set up travel online settings
- Set up application password (for Live GPS Travel Tracker Android app)

In the friends setting it is possible to:

- View friends list
- Search for friends
- Add/Remove Friends

In the Affiliate program setting is possible to:

- Get your affiliate code and link
- Manage payouts and referrals
